## Radnor Educational Foundation Honors Founding Members

Radnor Educational Foundation honored its founding members with a plaque dedication ceremony on the front porch of the Radnor Township School District administration building. REF unveiled the plaque honoring the founding members that will be placed in the administration building.

After a delightful “Party on the Porch,” attendees toured the Radnor Middle School and experienced interactive whiteboard technology in a classroom setting. Although REF founding members and supporters protested they had not been in class for a while, all were delighted in the 21<sup>st</sup>-century learning experience.

REF Porch Party (left to right): former RTSD superintendent John DeFlaminis, Nancy Fischer, current superintendent Linda Grobman, Kathy Bajus, REF executive director Joy Antonoplos, REF president Sarah Geary, Beverly Galloway, Alan and Maryann Brink and John Fischer.

The foundation is celebrating a milestone 15 years of securing funding and support to enrich the educational experiences, maintain academic excellence and encourage innovative opportunities for all students of Radnor schools. In 1994, eighteen families were instrumental in launching the Radnor Educational Foundation.

Since then, more than \$ 500,000 in grant money has been awarded to teachers and the community for educational programs that enrich the lives of Radnor students.

REF is a United Way option, and all Radnor residents are urged to help support this important resource in their annual giving. For more information, visit [www.radnoreducationalfoundation.org](http://www.radnoreducationalfoundation.org).
